

-
- You can access ParentVUE through a web browser on any computer.
 - There is also a ParentVUE app you can download for any mobile device. Just search for “ParentVUE” in the app store for your mobile device and download it for free.
 - Initial account activation can be performed either through the ParentVUE website using a web browser or using the ParentVUE mobile app.
 - ParentVUE allows you to view information about your children who are currently attending TUSD schools. Access attendance, grades, and homework information.
 - Before you can sign on to ParentVUE, the school your child attends must generate an activation key for you to sign on initially.

Screen illustrations in this document reflect the ParentVUE interface accessed through a web browser.

parent.tusd1.org

If you have already activated your account, you can log in to ParentVUE by clicking on the "Log In" button.

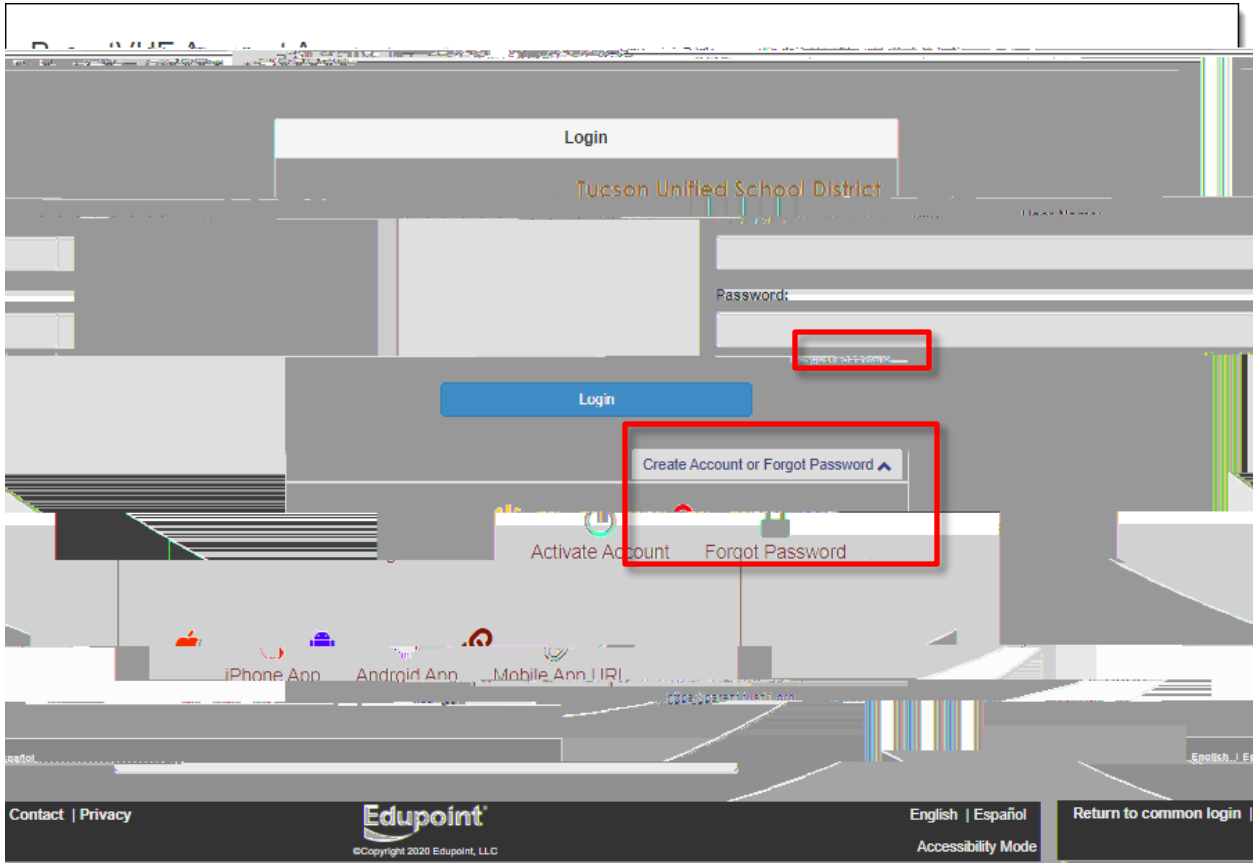

On your computer, open your web browser and navigate to the TUSD ParentVUE web address. The first time you sign on, you will need to use your activation key to create your account.

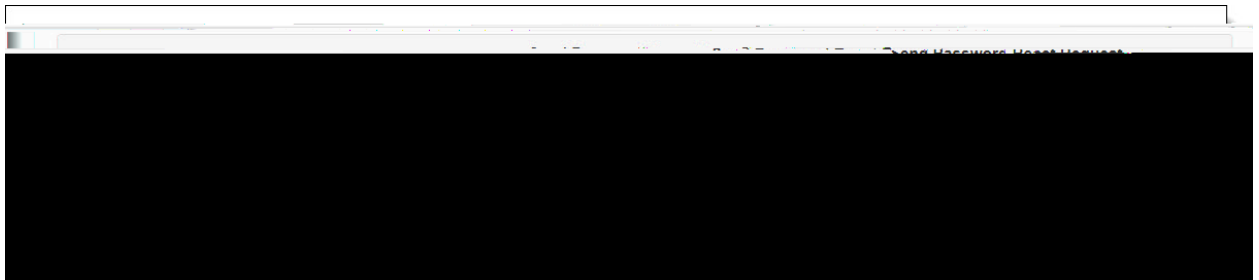

Click . to expand the options.
Click .

If you forget your password, you can either click button or click click

near the to expand the options and then click

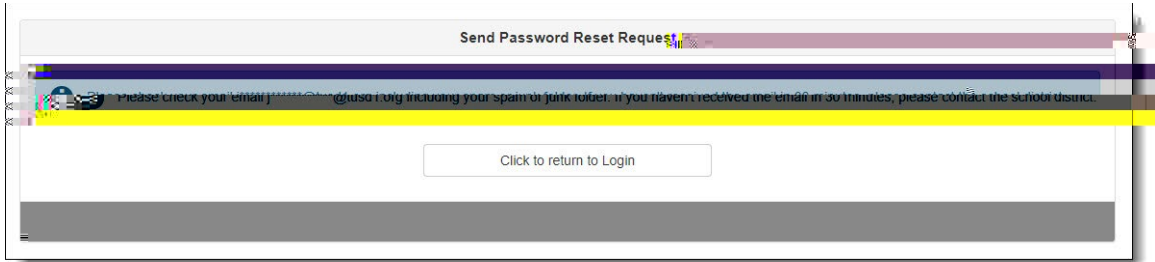

You'll be prompted to enter the primary email you set up for the account or your user name for the account.

If you no longer have access to the email account you set up for your ParentVUE account, you will need to contact your child's school to have them reset your password. The school can also look up your user name for the account.

Click

A message appears letting you know that an email has been sent to you

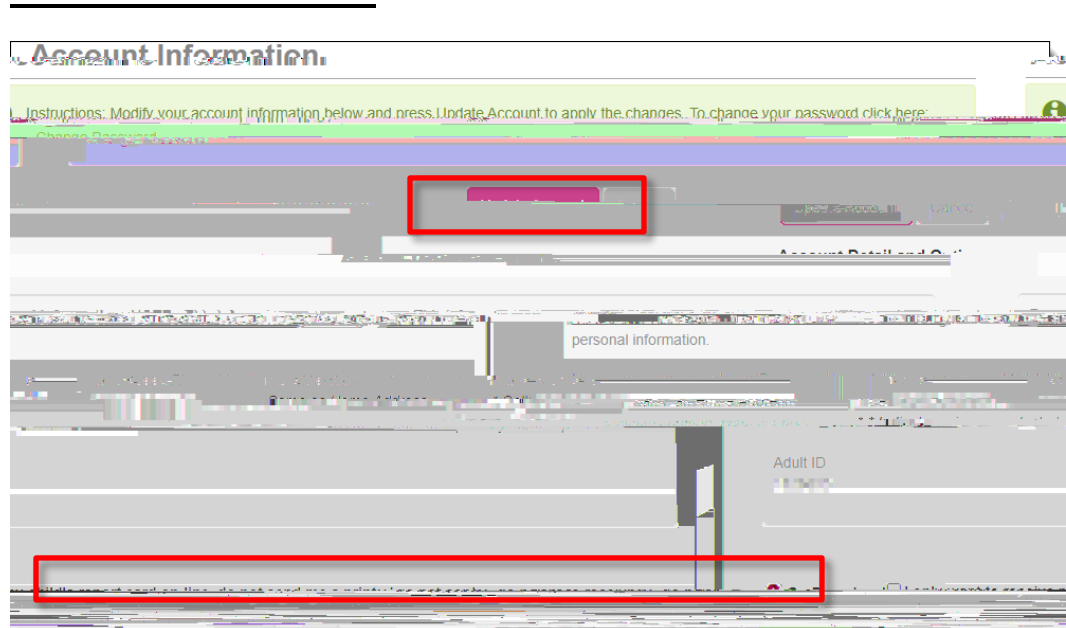

Check your email for the [redacted] message. If the message doesn't appear in your inbox, check your spam/junk email folder or, if you use Gmail, your All Mail folder as well.

If you did not receive a password change email, contact your child's school to have them reset your password.

Click the link to change your password.
